Winter 2011

Winter Is The Warm-Up To Spring!

From Marilyn: The Blood Is Life in Winter

Winter, when everything goes dormant and dead, but as disciples of Christ we can not let down in any season. We do spend more time indoors, however, having more time to read God's Word and meditate.

Meditate: meaning to muse over, ponder, to plan or project in our mind. Scripture says, "Let this mind be in you which was also in Christ Jesus." Phil 2:5) This gives us faith and hope for the day.

Phone Calls To Shut-Ins!

Phone calls are such a blessing to shut-ins, cold or snow keeping folk at home. I find it makes their day receiving an uplifting call from a family member or a friend. Praying for any concerns or needs they might have. God is blessed, the person receiving the call is blessed and you the caller is blessed.

My phone has had three-way calling

The Warmth of Home

for years and in the last few years I have been using it to call my sisters in PA to catch up on family news, pray for one another, and also take communion together.

This is so rich, I encourage you to do something nice for somebody today. Heb.13:16) God is pleased! A short note for a shut in to receive on a cold snowy day **will make their day!** God will give you creative ideas to minister to others.

How often in nursing homes we hear: thank you for coming, thank you for acknowledging me, thank you for the music, thank you for that song.....thank you for the touch...for we are His hands and mouth piece in the earth. It does not take much to show the love of Jesus to seniors. Just being with them means so much...
