

FT's KOREAN VET'S

Korean Veterans Charlie Williams(left) Gene Lawson(right)

It was my joy to sit in the church service with Charlie Williams and Gene Lawson. Both are Korean vets who served their country well and are still serving their Lord Jesus. We honor these men and all vets for their loyalty to our nation's flag.

Volunteer Spotlight: Shirley Johnson

Shirley Johnson having been with FT for many years now, was asked to write a few comments about her ministry. She wrote the following:

“Many of us would have a ministry if we would just let the Lord lead us into what He has for us.” A woman (FT's Marilyn) came to our church one Thursday evening asking for volunteers to do a church service in a nearby nursing home. I wasn't much for the idea, but went to a nursing home service to see how I liked it. Given the fact I worked with home health care, and enjoyed being with elderly and kind of having a way with them. I thought I can do this. Marilyn said, 'The home near our church needed a service next week.' Nervous as I was, I gathered a pianist, a friend and myself and we had church.”

The elderly loved the old hymns to sing, the lesson and prayer was so well received that Shirley and team are still doing it 7 years later. **Shirley's team includes: Sauney Morris, Evelyn Webster, & Sandy Cavanaugh.**

Thank You, Shirley... You Are Blessed and A Blessing!

Left to right: Marilyn & family: Sharon & Dennis (brother & wife) Joyce and Donna (sisters). I know you cannot tell who had the 80th birthday??

Summer has come and gone too quickly once again. A trip to Pennsylvania for an 80th birthday celebration, a grand-niece's wedding, and spending time with family from all parts of the US was incredible. A high school friend's recipe for coleslaw and red salmon together, a treat for the taste buds, indeed. Thank you Ila Smith Post.

Thank you to Sharon Keith, Rita Carlon, Don Garcia, Martin Sutton for covering our services while I was away. The report came they all did an excellent job.

THE FALL HUNT: GOD PROVIDES

Fall antelope hunters eat your heart out! **Nephew Lindsey Laird & wife Jackie** had a successful hunt. The steaks and fondue are excellent. First morning, mind you, Lindsey connected with a nice buck 1st thing. 20 minutes later a call came in with news Jackie had a trophy buck down. Lindsey was happy for Jackie and he is having the animal mounted. The antler measurements points just less then Boone and Crockett bench marks. **Congratulations Jackie! You Rock!**

NEW VOLUNTEERS FOR FT

Back Row: Activity Director Jamey, Shirley Kippes, Christine Aki

Front Row: Vera Michnal, Linda Aki

Welcome To the Harvest, Ladies!
